Second General Assembly EU – JAMRAI. Rome, September 2019

Focus group: 1 and 2

General objective

- To give the opportunity to a group of stakeholders of EU JAMRAI to express their opinions and help the JA to focus on the needs of the EU citizens and strengthen the project strategic line.

Specific objectives

- To have some key stakeholders more involved in the EU JAMRAI;
- to have a forum where stakeholders can share their experiences and knowledge in the fight against AMR and HCAI;
- to explore, through the discussion with the involved stakeholder, opportunities to optimize the future actions of EU JAMRAI.

Part I

Question 1

According to your knowledge, what are the weaknesses that can jeopardize the effectiveness of the national strategies to contain or reduce antimicrobial resistance?

Question 2

According to your knowledge, what difficulties do you envisage in carrying out the implementation of One Health National Strategies and National Action Plans?

Question 3

Concerning the support to One Health National Strategies and National Action Plans for AMR, what advices/suggestions would you give to the EU-JAMRAI project team that can be considered in the next year of activities?

Part II
