

TABLE OF CONTENTS

	<i>Page</i>
1. TIECCO G. — Research on synthetic estrogens in foodstuffs. - I. Validity of the biological methods . . .	5
2. TIECCO G. — Research on synthetic estrogens in foodstuffs. - II. A new technique of biological control . . .	14
3. REALE-SCAFATI A. — Diffusion in a linear cell system . . .	19
4. BERKELMAN K. — Phenomenological analysis of photon-proton elastic scattering	44
5. SALVADORI P. — The luminescent chamber	62
6. PAOLONI L. — Solutions of alkali metals in liquid ammonia - Note VI. Theory	125
7. PRINCIVALLE M. and MASTROPIETRO-CANCELLIERI M. F. — Microbiological titration of some group B: vitamins titration of thiamine (vitamin B ₁) using an analogous inhibitor (pyrithiamine)	143
8. CARTONI C. — The sex chromatin distribution in the cells of some pigeon tissues	152
9. D'ANCONA G. — Preliminary observations on crosses between populations of « <i>Culex molestus</i> » from various regions of Italy	157
10. BIGNAMI G. — Effect of l-Thyroxine and methylthiouracil on conditioning and retention in the rat . . .	165
11. PAOLONI L. — Solutions of alkali metals in liquid ammonia. - Note VII. The electronic structure of the species present in sodium solution	176
12. RICCI M. — Intestinal parasitism in the infantile population of a « depressed area »	199
13. CASORATI V., SILVAGNI C. and STEVE-BOCCIARELLI D. — Ultrastructure of the muscle of the guinea pig vocal cord . . .	231
14. MOTZ J. W. and MISSONI G. — Compton scattering by K-shell electrons	237
15. SERLUPI-CRESCENZI G. — Observations on the proteolytic system of « <i>Penicillium chrysogenum</i> »	265

16. SERLUPU-CRESCENZI G. — Spectrophotometric studies on desamido-diphosphopyridine-nucleotide and some related compounds	Page 273
17. ASCARELLI G. — Low field breakdown in n type germanium	» 284
18. VIOLANTE A. and STEVE-BOCCIARELLI D. — Oncogenic viruses at the electron microscope: a review and experimental data	» 302
19. CAMONI I. — Determination of insecticides in wall paints	» 337
20. CAMONI I. and CRUDELI M. — Determination of biologically active pyrethrins in insecticide formulations	» 341
21. SELLERIO U. — Structure and characteristics of expanded selfdressed polystyrol	» 349
22. CAGGIANO E. and MARINI-BETTÒLO G. B. — Contribution to chromatographic and electrophoretical analysis of Strychnos tertiary alkaloids	» 375
23. AUREGGI A., MINERVINI F. and D'AMORE A. — Covering of loss of skin tissue by means of suspensions of dermo-epidermic cells. (Experimental research)	» 384
24. AUREGGI A., PITTONI G. and RAVAIOLI L. — Further research on the immunological specificity of radiated serums	» 395
25. BELLANI L. and TIECCO G. — Research on synthetic estrogens in foodstuffs. - III. Practical application of the new biological control method	» 407
26. TIECCO G. and BELLANI L. — Research on synthetic estrogens in foodstuffs. - IV. Microbiological control method	» 411
27. ANTONELLI A. — Vitamin B ₁₂ production by mycobacteria	» 417
28. BABUDIERI B., SCURO L. A., MEDDA A. and SARACENI G. — Epidemiological research on the leptospirosis in the rice-fields of Sardinia	» 423
29. DYMOWSKA Z. and BABUDIERI B. — Studies on the so-called « immunity lysis » of the leptospirae	» 433
30. CANCELLIERI-MASTROPIETRO M. F. and PRINCIVALLE M. — New microbiological assay method of adenine and guanine for the determination of deoxyribonucleic acid	» 437

31. FELICI A., RENNA V. and VOZZA R. — Trachomatous experimental infection. Clinical and virological study	Page 447
32. FRANÇOIS C. — Collagen fibers-apatite crystals molecular association and bone cells biochemical functions in the recent theories on calcification	» 473
33. CASINOVİ C. G., DELLE MONACHE F. and MARINI-BETTÒLO G. B. — Research in the Skytanthine series. - Note II. Synthesis of three stereoisomers with a characteristic Skytanthine configuration	» 487
34. ALESSANDRINI M. E. — Insecticide residues and toxicological aspects in the control of the Dacus fly	» 497
35. ALESSANDRINI M. E. and SAMPAOLO A. — Metabolism of Rogor (Dimethoate) in olives and olive oil	» 510
36. BUCCI F. and CUSMANO A. M. — Delection and determination of antithyroid compounds in feeds	» 518
37. CALÒ A., EVDOKIMOFF V. and CARDINI C. — Substituted 3-pyridine-acetamides. - Note I.	» 529
38. DI STEFANO F. and LINTAS SIMONCELLI F. — Dosage of « Rilsan » in mixture with cotton	» 538
39. MILAZZO G. and MEZI E. — Colorimetric determination of arsenic by the molybdenum blue method - Note I	» 542
40. MEZI E. and MILAZZO G. — Colorimetric determination of arsenic by the molybdenum blue method - Note II	» 556
41. MUNTONI F. e DI CARLO-MALAGODI M. G. - Direct identification by chromatography of riboflavin added as dye to macaroni	» 563
42. MUNTONI F. and TASSI-MICCO C. — Chromatographic identification of synthetic dyes in macaroni - Note II	» 567
43. VERCILLO A. and MANZONE A. M. — Rapid determination of the amount of caffeine in coffee	» 574
44. BELLOMONTE G. — Study on the quantitative determination of Triamcinolone, Dexametazone and their mixtures through infrared absorption	» 581
JERVOLINO A. R. — Opening speech, International Symposium on Additives in Foodstuff	» 591
GIACOMELLO G. — Introduction to the International Symposium on Additives in Foodstuff	» 595
45. CRAMAROSSA S. — Food additives and alimentation. Medical and social aspects	» 600

46. HÖGL O. — Standards for the adoption of food additives	<i>Page</i>	608
47. SOUCI S. W. — On the problem of additives in foodstuff.	»	621
48. THOMAS G. — Regulation of food additives in connection with de collaboration among Countries, and particularly of the European integration	»	636
49. REITH J. F. — Standards for identity and purity of food additives	»	647
50. FABRIS A. — Food additives in fats	»	656
51. VISCO S. — Food additives in milk and in its derivatives	»	653
52. MUNTONI F. — Food additives in cereals and in their derivatives	»	677
53. D'AMBROSIO A. — Food additives in the sweetstuff industry	»	631
54. BUCCI F. — Food additives in alcoholic beverages	»	700
55. INTONTI R. — Food additives in analcoholic beverages	»	709
56. CULTRERA R. — Food additives in preserves. Basic problems	»	717
57. PENSO G. and NEGRI R. — Antibiotics used as food additives	»	723
58. MAZZARACCHIO V. and TIECCO G. F. — Fodder additives and alimentation	»	731
59. INTONTI R. — Effects of contact of plastics containers on foodstuff	»	743
60. CERUTTI G. — Technology of food additives	»	749
61. BOSI A. — Technology of food colours	»	766
62. BOVET D. and ANGELICO R. — The significance of the biologic study of food additives in the physiology of alimentation	»	773
63. BOYLAND E. — The determination of carcinogenic activity of chemical substances	»	759
64. TRUHAUT R. — Toxicity hazards brought about by an inconsiderate use of food additives. Prevention methods	»	796
65. HIMSWORTH H. — The organisation of medical research in Great Britain	»	921
66. ALESSANDRINI M. E. and RAMELLI G. C. — Data sheet on arsenic compounds used in agriculture	»	931
67. ALESSANDRINI M. E. and RAMELLI G. C. — Data sheet on insecticide phosdrin	»	945

68. ALESSANDRINI M. E. and RAMELLI C. G. — Data, detained from the bibliography, concerning acute oral, dermal and inhalation toxicity of some insecticides, widely used for the harmful insects control	page	936
69. CARTA-DE ANGELI L. and DENTICE di ACCADIA F. — Colorimetric determination of the iron in fermentation broths with o-phenanthrolin	»	936
70. BOCCACCI M., FERRETTI G. and QUINTILIANI M. — Incorporation in « <i>Hymenolepis nana</i> » of nutrient materials labelled with C ¹⁴ administered to host. - Note I	»	972
71. TENTORI L., BOCCACCI M. and QUINTILIANI M. — Response to the treatment with iodoacetic acid and X-rays of some radiosensible organs in the rat	»	978
72. TENTORI L., VIVALDI G., CARTA S. and SALVATI M. — The hemoglobin of amphibia. - I. Some preliminary data . .	»	990
73. GALAMINI LIGORI M., LIGORI G. and PALMA A. — Liver regeneration and fasting in albino rats	»	1007
74. TOMASELLI S. and MARLETTA M. — The modern psychiatric hospital	»	1017
75. SACCIA SCARAFONI G., TENTORI L. and VIVALDI G. — A supply-apparatus for solution at variable concentration	»	1072
76. SCACCIA SCARAFONI G., CARTA S., TENTORI L. and VIVALDI G. — Apparatus for paper electrophoresis with high voltage technique	»	1079
