

TABLE OF CONTENTS

	<i>Page</i>	
1. SACCÀ G. — Experiments with house-flies sterilized by X-rays	5	
2. SACCÀ G. — Resistance of « <i>A. labranchiae</i> Fall. » to Dieldrin in Morocco	13	
3. RIGGI M. and CRESTA M. — Studies on infantile growth in relation to intestinal parasitism, in the Comune of Rofrano (Province of Salerno)	18	
4. NEGRI R., von LORCH L., DE FELIP G., ALBERTI S. and MONACELLI R. — The estimation of chloramphenicol succinate using an enzyme complex and antibiotic-resistant organisms	41	
5. PAULUZZI S. and FELICI A. — A study of cell infection by ECHO 9 virus with the fluorescent antibody technique	51	
6. LELLI G. and RESTIVO M. L. — Electron microscopic studies on the suspensory ligament of the lens	57	
7. GUALDI G. and NICOLI M. — Special hygienic aspects of the insolation of buildings in an urban site, dependent on the orientation of the streets	65	
8. MANZONE A. M. and JACOBELLI TURI C. — The quantitative determination of sorbitol in food products	104	
9. CORRADETTI A. and ILARDI A. — A strain of « <i>Plasmodium elongatum</i> » in « <i>Corvus cornix</i> »	115	
10. CORRADETTI A. and RIGOLI E. — The behaviour of both the haemopoietic and reticulo-endothelial systems in albino rats at the fourth and respectively seventh day of a fatal infection from « <i>Plasmodium Berghei</i> »	119	
11. GIGANTE D., MAROTTA U. and TOMASSINI N. — Electron microscope observations on lymphnodes in normal and pathological states (chronic lymphoid leukaemia, malign granuloma and lymphosarcoma)	128	
12. VIRNO M. and CANTORE G. P. — Physio-pharmacological investigations on rabbit cerebral edema following craniotomy	139	
13. DE CARO M. and SAMARANI E. — Antigenicity of insulin: neutralizing antibodies	146	

14. FELICI A., BALDUCCI D., CASTELLI L., MANCINI G., PAULUZZI S., AUREGGI A., MILAZZO M., KIRAY G., SANTORO R., STOFOROS E., VERANI P., VOZZA R. and PENSO G. — Viruses 1959. - A summary of the work performed in the Microbiology Department of the Istituto Superiore di Sanità	Page	151
15. OLSON J. A. and CHAIN E. B. — Organic acid metabolism of acetate grown « <i>Penicillium chrysogenum</i> » Q 176	»	162
16. OLSON J. A. and CHAIN E. B. — The Fate of 2- ¹⁴ C-labelled acetate in « <i>Penicillium chrysogenum</i> »	»	181
17. BRANDL E., CARILLI A. and CHAIN E. B. — Simple media for penicillin production	»	205
18. BRANDL E., CARILLI A. and CHAIN E. B. — Penicillin production by washed mycelium of « <i>Penicillium chrysogenum</i> » in replacement media	»	222
19. CAMPOSANO A., CHAIN E. B. and GUALANDI G. — The effect of mechanical agitation on the production of kojic acid in submerged culture	»	234
20. VON LORCH L. and PRINCIVALLE M. — Comparative experimental investigations of two new thiamine derivatives: dithiopropylthiamine hydrochloride (DTPT) and dithiopropylthiamine zinc-tannate (ZTPT)	»	251
21. AUREGGI A., MOSCA A., PARIENTE R. and RAVAIOLI L. — Haemoagglutination with tanned erythrocytes in the search for antihomograft antibodies	»	257
22. TIECCO G. — Carbohydrates of somatic antigens extracted from various strains of « <i>Pseudomonas</i> »	»	267
23. TIECCO G. and RAVAIOLI L. — The serological specificity of « <i>Pseudomonas</i> » in relationship to the carbohydrates of the somatic antigen	»	272
24. BIANCIFIORI M. A. — Some properties of aqueous lithium bromide solutions	»	275
25. CORRADETTI A. — Foci of Kala Azar and the problem of Leishmaniasis in Southern Europe	»	281
26. CORRADETTI A. and VEROLINI F. — Course of the reinfection by « <i>Plasmodium berghei</i> » in albino rats previously infected, recovered and splenectomized	»	285
27. PORCELLI G. and GAUDIANO A. — Studies on the formation of complexes between uranyl ion and some aminoacids	»	291

28. BALLIO A., CASINOVİ C. and SERLUPI-CRESCENZI G. — Nucleotides of microorganisms. Part I. Nucleotides from the mycelium of « <i>Penicillium chrysogenum</i> » Thom	Page 299
29. BALLIO A. and SERLUPI-CRESCENZI G. — Nucleotides of microorganisms. Part II. The isolation of adenylo-succinic acid and adenosinosuccinic acid from the mycelium of « <i>Penicillium chrysogenum</i> » Thom	» 321
30. SERLUPI-CRESCENZI G. and BALLIO A. — Nucleotides of microorganisms. Part III. The structure of a new pyridine nucleotide isolated from « <i>Penicillium chrysogenum</i> » Thom	» 335
31. PIRT S. J. and CALLOW D. S. — Exocellular product formations by microorganisms in continuous culture - II. Production of 2.3-butanediol from sucrose by « <i>Aerobacter aerogenes</i> » in a two-stage process	» 344
32. BALLIO A., BRANDL E., CHAIN E. B., DENTICE di ACCADIA F., NAVAZIO F. and ROSSI C. — The fate of ³⁵ S-Sulphate and ³⁵ S-Methionine in a high yielding and a non-penicillin producing strain of « <i>Penicillium chrysogenum</i> » grown in a simple replacement medium	» 366
33. BALLIO A., CHAIN E. B., DENTICE di ACCADIA F., NAVAZIO F., ROSSI C. and VENTURA M. T. — The distribution of sulphurylcholine in fungi	» 393
34. SELLERIO U. — A new heat exchanger for refrigerated rooms for the rapid freezing of beef	» 403
35. CARTA S., FRONTALI N. and VIVALDI G. — Free amino-acids and other compounds in the nervous tissue of « <i>Apis mellifica</i> » L.	» 407
36. DION W. M. and KAUSHAL R. — The effect of mechanical agitation on the morphology of some common fungi grown in submerged culture	» 423
37. CARILLI A. and TONOLO A. — Observations on the morphology of « <i>Penicillium chrysogenum</i> » Thom in submerged culture. V. Mode of formation of conidia by « <i>Penicillium chrysogenum</i> » Thom in submerged culture	» 436
38. TONOLO A. and CARILLI A. — Nuclear fusion phenomena in conidiophore formation in submerged cultures of « <i>Penicillium purpurogenum</i> » Stoll.	» 447
39. TONOLO A. — Infection and production of sclerotia on cereal plants grown in sterile condition by « <i>Claviceps purpurea</i> » (Fr.) Tul.	» 452

40. SERMONTI G. — Genetics of « <i>Penicillium chrysogenum</i> ». III. Cytoplasmic inheritance in <i>Penicillium</i> . . .	Page	473
41. SERMONTI G. and MORPURGO G. — Genetics of « <i>Penicillium chrysogenum</i> ». IV. Effects of certain mutagenic agents on somatic segregation from heterozygous diploids	»	483
42. MORPURGO G. and SERMONTI G. — Genetics of « <i>Penicillium chrysogenum</i> ». V. Reversal due to manganous chloride of the lethal action and chromosome damage produced by nitrogen mustard	»	494
43. SERMONTI G. and SPADA-SERMONTI I. — Preliminary results of genetic analysis in « <i>Streptomyces coelicolor</i> »	»	504
44. TESTI-CAMPOSANO A. — Morphological observations on the growth of « <i>Aspergillus flavus</i> » in shake flasks . . .	»	515
45. VISINTIN B. and MONTERIOLO S. — Spectrophotometric determination of monomeric and low molecular weight silica in waters as β -silicomolybdic acid, in the presence of interfering ions	»	524
46. BABUDIERI B. — Serological studies on tracoma . . .	»	539
47. ARCHETTI I. and STEVE-BOCCIARELLI D. — Contribution to the study of the structure of influenza virus . . .	»	546
48. MARIANI A. and VICARI C. — On the determination of vitamins K in pharmaceuticals	»	553
49. MARINOZZI V. — Silver impregnation of ultrathin sections for electron microscopy	»	558
50. TOMASELLI S. — The evolution of design criteria for the infectious diseases departments in general hospitals . . .	»	567
51. ASCENZI A., BONUCCI E. and STEVE-BOCCIARELLI D. — Quantitative analysis of the calcium in bone using the microradiographic technics	»	599
52. ASCENZI A., BONUCCI E. and STEVE-BOCCIARELLI D. — Quantitative investigation of the calcium distribution in bone in a case of von Reck linghausen's disease . . .	»	606
53. BABUDIERI B. and MATEEW D. — Serological studies on some Bulgarian strains of leptospirae	»	614
54. PRUNER G. and DENTICE di ACCADIA F. — Examination of moulds on opium with regard to the stability of morphine. - Preliminary note	»	623
55. DENTICE di ACCADIA F. — The importance of sulphurylcholine in microorganisms	»	629

56. MAROTTA M. — The action of some curaric and curare-like substances on the fish (Tinca)	Page	640
57. VERCILLO A. and MANZONE A. M. — Volumetric determination of cyclamates	»	644
58. VISINTIN B. and ZAVATTIERO J. — A thermophilic bacillus isolated from a hot spring of the island of Ischia; microbiological investigation. - Note I	»	649
59. CESARI A., JACOBELLI-TURI C. and MALAGODI M. G. — Quick method for detecting sorbic acid in foods	»	657
60. BUCCI F. and CUSMANO A. M. — The analytical reactions of benzoic acid based on nitration and reduction	»	664
61. CARDINI C. and TUCCI BUCCI B. — Differentiating characters of two isomeric antidiabetic compounds	»	676
62. BETTINI S. — Survey on the cases of latrosectismus occurred during the years 1938 to 1938 in some provinces of Italy. - Note III - The province of Rome	»	680
63. LA FACE L. — Autogeny in the « Culex pipiens » complex in the province of Latina	»	693
64. PRUNER G. — On the utility of the latex of « Papaver Orientale » for determining the origin of opium	»	699
65. ANGELICO R., MAGGIORE L. and QUINTILIANI M. — Dietetic inorganic constituents and radiosensitivity: X-rays and nitrogen mustard mortality of rats fed with high manganese diets	»	711
66. INTONTI R., COTTA RAMUSINO F. and STACCHINI A. — Detection and quantitative spectrophotometric determination of benzoic acid and of methyl-p-oxy-benzoate in the beverages and in the jams	»	727
67. CALÒ A., CARDINI C. and MARIANI A. — Analytical data on some new synthetic diuretics	»	733
68. CARDINI C., VENEZIANI C. and CALÒ A. — Analytical studies on 4,2',4'-trimethoxycalcone	»	741
69. RAVAIOLI L. and GIOVANELLI E. — Electrophoretic fractions of cow, sheep and buffalo milk sera	»	748
70. MASTROPIETRO-CANCELLIERI M. F. and TIECCO G. F. — Galactose metabolism of some « Pseudomonas » species in submerged culture	»	754
71. MASTROPIETRO-CANCELLIERI M. F. — A rapid method of titration of penicillin on agar plate	»	763
72. DELL'UOMO G. — An automatic trap for insects for use in the laboratory	»	767

73. AGENO M. and FELICI C. — Low jitter pulse discriminator and shaper	Page	772
74. AMALDI U., Jr. and MISSONI G. — A high-precision technique for testing the stability of amplifiers	»	779
75. BALDUCCI D., FELICI A., CASTELLI L., BALDUCCI M., COSSU M., GARCIA A., MANCINI G., PAULUZZI S., PERUGINI S., SANTORO R., STOFOROS E., VERANI P., VOZZA R. and PENSO G. — Cells and viruses 1960 - Summary of research carried out by the Virus Department of the microbiological Laboratories of the Istituto Superiore di Sanità	»	789
76. FELICI A. and GARCIA-GANCEDO A. — Immunisation response in human beings vaccinated with trachoma vaccine	»	807
77. GARCIA-GANCEDO A., STOFOROS E. and FELICI A. — Research on poliomyelitis neutralising antibodies in the Asmara region, Ethiopia	»	815
78. VILLA L., CARLBERG G., CASSINGENA R. and CASTAGNETTA E. — On the fermentation of carbohydrates by enterobacteria	»	820
79. ARCHETTI I., STEVE-BOCCIARELLI D. and VIOLANTE A. — Electron microscope study of myositis in new-born mice infected with ECHO 9 virus; observations on the virus structure	»	826
80. BERKELMAN K., CORTELLESSA G. and REALE A. — Search for the ω^0 in photoproduction	»	834
81. CASORATI V., SILVAGNI C. and STEVE-BOCCIARELLI D. — Observations on the ultrastructure of the fine vascularization of the vocal cords in guinea pigs	»	850
82. CHIOZZOTTO M., DI NUNZIO G. and GRISANTI A. — Semiautomatic apparatus for the control of radium tubes and needles	»	858
83. INTONTI R., COTTA-RAMUSINO F. and STACCHINI A. — On the formol number in orange juices	»	871
84. COTTA-RAMUSINO F. and INTONTI R. — Physical-chemical properties and quantitative determination of sodium 2,6-dimethoxyphenylpenicillin	»	877
85. RIVOSECCHI L., ASCHER K. R. S. and MOSNA E. — Studies on insecticide-resistant Anophelines. VI. - Sex and chromosome arrangements in larvae of « Anopheles jätroparvus »	»	883
86. VISINTIN B. — Aqueducts in Italy	»	901

87. SAMPAOLO A. — A search for metabolites of O,O-dimethyldithiophosphorylacetic acid N-monomethylamide (the active principle of Rogor) in olive oil	Page	936
88. SANTORO R. and VERANI P. — Formalinized erythrocytes in virology	»	950
89. FRONTALI C. — Lethal and mutagenic action of nitrous acid on bacteriophages. (A cinetic model)	»	965
90. PETTI G., BOLIS L., CARTONI C. and RUGGIU D. — The behaviour of some acid hydrolases of liver of rats treated with serum gonadotropin	»	977
91. BOLIS MAGISTRETTI L. and MAZZONI VARALDA M. T. — The action of some anabolizing steroids on the phagocytic activity of the reticulo-endothelial system	»	985
