

JAHEE General Assembly: Final Results

16th November 2021- Online

10.00-14.00 CET

AGENDA

The main objective of the European Joint Action Health Equity Europe (JAHEE) is to strengthening national undertakings to tackle health inequalities (HI) among EU Member States. The 24 participating countries have implemented 82 actions in the thematic work packages (WPs, WP5-WP9).

The purpose of this General Assembly is:

- to give insights on JAHEE evaluation of results
- to provide an overview of the results and future policy commitment reported by countries through their Integration Sustainability Plan (ISP)
- to share the Consensus Policy Document and to discuss on how to take forward the recommendations
