### Sezione I/Section I

#### METAL IONS AND OXIDATIVE STRESS IN NEUROLOGICAL DISEASES

Edited by **Alessandro Alimonti, Beatrice Bocca and Giovanni Forte**

- Preface* - **Luciana Gramiccioni and Alessandro Alimonti** .....
- Metal ions and oxidative protein modification in neurological disease - **Lawrence M. Sayre, Paula I. Moreira, Mark A. Smith and George Perry** .....
- Development of methods for the quantification of essential and toxic elements in human biomonitoring - **Beatrice Bocca, Giovanni Forte, Francesco Petrucci, Oreste Senofonte, Nicola Violante and Alessandro Alimonti** .....
- The network of the Italian chemical laboratories: a proficiency test on the quantification of trace elements in serum - **Sergio Costantini, Laura Ciaralli, Maria Ciprotti, Sonia D'Ilio, Rosa Giordano, Maurizio Mosca, Alessandra Sepe and Oreste Senofonte** ....
- Assessment of reference values for selected elements in a healthy urban population - **Alessandro Alimonti, Beatrice Bocca, Emilio Mannella, Francesco Petrucci, Francesco Zennaro, Rodolfo Cotichini, Cristina D'Ippolito, Adele Agresti, Stefano Caimi and Giovanni Forte** .....
- Metals and oxidative stress in patients with Parkinson's disease - **Giovanni Forte, Alessandro Alimonti, Anna Pino, Paolo Stanzione, Sonia Brescianini, Livia Brusa, Giuseppe Sancesario, Nicola Violante and Beatrice Bocca** .....

Monitoring of chemical elements and oxidative damage in patients affected by Alzheimer's disease - **Beatrice Bocca, Giovanni Forte, Francesco Petrucci, Anna Pino, Francesca Marchione, Giuseppe Bomboi, Franco Giubilei and Alessandro Alimonti** .....

Correlation between metal ions and clinical findings in subjects affected by Alzheimer's disease - **Giuseppe Bomboi, Francesca Marchione, Micaela Sepe-Monti, Antonella De Carolis, Valentina Bianchi, Emanuela Medda, Anna Pino, Beatrice Bocca, Giovanni Forte, Cristina D'Ippolito and Franco Giubilei** .....

Unbalance of chemical elements in blood of patients affected by multiple sclerosis - **Giovanni Forte, Andrea Visconti, Simone Santucci, Anna Ghazaryan, Stefania Cannoni, Beatrice Bocca, Anna Pino, Nicola Violante, Alessandro Alimonti, Marco Salvetti and Giovanni Ristori** .....

Concentration of elements in serum of patients affected by multiple sclerosis with first demyelinating episode: a six-month longitudinal follow-up study - **Andrea Visconti, Rodolfo Cotichini, Stefania Cannoni, Beatrice Bocca, Giovanni Forte, Anna Ghazaryan, Simone Santucci, Cristina D'Ippolito, Maria Antonietta Stazi, Marco Salvetti, Alessandro Alimonti and Giovanni Ristori** .....

Discriminant analysis to study trace elements in biomonitoring: an application on neurodegenerative diseases - **Anna Pino, Sonia Brescianini, Cristina D'Ippolito, Corrado Fagnani, Alessandro Alimonti and Maria Antonietta Stazi** .....

## **Sezione II/Section II**

### *RICERCHE E METODOLOGIE / RESEARCH AND METHODOLOGY*

Brain damage in preterm infants: etiological pathways - **Carla Arpino, Luigi D'Argenzio, Carlo Ticconi, Ambrogio Di Paolo, Vincenzo Stellin and Paolo Curatolo** .....

“Prevalenza” di uso di vecchie e nuove droghe nei nuovi ingressi in strutture penitenziarie italiane - **Giovanni Rezza, Gianpaolo Scalia Tomba, Patrizia Martucci, Maurizio Massella, Riccardo Noto, Alfredo De Risio, Bruna Brunetti, Sebastiano Ardita, Giulio Starnini ed il Gruppo dei coordinatori sanitari degli II.PP.**.....

Laboratory study to investigate the efficacy of cyfluthrin EW treated nets against phlebotomine sandflies\* - **Gioia Bongiorno, Fabiana Panchetti, Morteza Zaim and Michele Maroli** .....

Valutazione dell'effetto repellente ed anti-feeding dell'olio d'aglio (*Allium sativum*) nei confronti dei flebotomi (Diptera: Psychodidae) - **Laura Valerio e Michele Maroli** .....
